- Allows users to create task for the day, also allows a user to be able to delete a task and update

Experience

January 2023 - Present

Adapa Group, Guadalajara – *Frontend Developer*

- Intern not paid getting my experience and learning
- Helping with front end work such as making responsive websites with React, CSS, Tailwind

February 2021 - January 2022

Smoke & Fire Eatery, La Habra/ CA – *Runner, cook*

- We would run food but it was slow due to people only running food one order at a time. My team and I came up with the idea of having each runner run two orders at a time so we can run food a lot faster so we could be able to focus on customer service.
- Helped out in kitchen if we were short on workers sometimes would od both

MONTH 20XX - MONTH 20XX

West Coast Prime, Brea/CA– *Warehouse Worker*

- Cataloged and organized over 15 plus pallets each day for 10-12 hours each day

Languages

- **Spanish**: Native
- **English**: Fluent
